Hi Everyone,

I hope that everyone is practicing social distancing and that you and your families and friends are doing well.

The current situation is new and challenging for all of us and we need to make the best of it. That is just one example of life taking unexpected turns that we have to adapt to. That said, please know that I am still available to you whenever you need me. Even though gatherings and tutoring might be canceled, we are lucky that we can continue our meetings.

We could either talk on the phone (talk, text, or facetime), communicate through emails, or we can meet in Zoom. If you have not used Zoom, it is similar to Skype. You only need to download the Zoom app (blue icon with a white camera) which is free and I can schedule a meeting and send you a meeting link.

Whatever you prefer is fine with me.

(my cell number is _____)

Please let me know what day/time would work best for you. I would like to chat with each of you sometime next week before online instruction starts. The move to 100% online instruction can be difficult and requires a different kind of action and work from you.

I am looking forward to hearing from you!

Stay safe and healthy!

A.Blecking
