

FERMILAB SIST INTERNSHIP

PAID * 12-WEEKS * UNDERGRADS

OPPORTUNITY FOR URM IN STEM

LSMRCE has partnered with Fermi National Accelerator Laboratory to provide underrepresented minority students (URM) in STEM the opportunity to work with scientists and engineers at the nation's preeminent high energy physics laboratory.

ELIGIBILITY

- Undergraduate sophomore or junior at time of application
- Enrolled at a 4-year U.S. college or university
- 3.0 grade point average or above on a 4.0 scale
- Eligible to work in the United States
- Majoring in physics, engineering (mechanical, electrical and computer), materials science, mathematics, and computer science

ATTN STEM MAJORS IN:
Computer Science
Engineering
Materials Science
Mathematics
Physics

KEY DATES

- **Oct 21, 2021** – Application window opens
- **Jan 11, 2022** - Application due at 4p CT
- **March 2022** - Students selected by Fermilab
- **May 23 - Aug 12, 2022** – 12-week internship program
